COMC Officially Opens New Mobile Optometry Clinic

Richland- MO. Central Ozarks Medical Center (COMC) proudly held the official opening of its Optometry service line on June 30, 2026, bringing high-quality, accessible vision care directly to communities across central Missouri.

Leading this new service is Dr. Haley McCreery, COMC's dedicated optometrist, with over 10 years of experience in providing comprehensive eye care. Dr. McCreery is committed to helping patients of all ages maintain healthy vision through preventative care, early detection, and personalized treatment.

COMC's Optometry services will be delivered through its state-of-the-art Mobile Optometry Unit—a fully equipped, modern clinic on wheels designed to increase access to care. The unit features advanced technology and a thoughtfully designed, welcoming interior, allowing patients to receive high-quality eye care in a comfortable and convenient setting.

The Optometry service line will include routine eye exams, vision screenings, and the diagnosis and management of eye conditions. Patients can now schedule appointments by calling 877-406-2662, and new patients are welcome.

This launch reflects COMC's continued commitment to delivering comprehensive, patient-centered care to everyone. [View photos of the grand opening here.](#)
