MISSOURI PRIMARY CARE ASSOCIATION

Community Benefit Report

The Missouri Primary Care Association (MPCA) is a private, non-profit member organization that serves as the unified voice of Missouri's Community Health Centers, also known as Federally Qualified Health Centers (FQHCs).

FQHCs are at the forefront of state and national efforts to make America healthy again through increasing access to chronic disease prevention and management (e.g. hypertension, diabetes), nutrition counseling and patient health education services, cancer screenings, and comprehensive primary health care services, including preventive services, dental care, mental health, and wellness activities.
